MIT | Academy of Engineering
(An Autonomous Institute Affiliated to Savitribai Phule Pune University)

BRIEF SUMMARY

Flexible and energetic engineer with knowledge of Web development and Data Analysis seeking a a career in a company that gives me opportunities to learn and allows me to maximize potential and contribute the organization's growth

KEY EXPERTISE

Java   Linux   SQL   Front-End Web Development   Power BI   PHP   CodeIgniter

EDUCATION

MIT Academy of Engineering, Pune — 2020 - 2024
B.Tech. - Electronics Engineering | CGPA: **7.57 / 10.00**

Atma Malik International School, Ahmednagar — 2020
12th | CBSE | Percentage: **61.40 / 100.00**

Kendriya Vidyalaya No.1 Vasco da Gama, Goa, Vasco da Gama — 2018
10th | CBSE | Percentage: **56.40 / 100.00**

INTERNSHIPS

XIligent Technologies — 06 Jun, 2023 - 31 Jul, 2023
Intern

Key Skills: PHP   CodeIgniter

My two-month internship at XIligent Technologies proved to be an invaluable learning experience, as it provided comprehensive training in PHP and assigned individual projects using the CodeIgniter framework. My project involved developing a robust Student Management System, aiming to streamline various student-related tasks. Throughout the development process, I applied my PHP and CodeIgniter expertise to design a user-friendly web application, including features like student registration, enrollment details, academic records, attendance tracking, and performance analysis. Overcoming challenges and debugging, I ensured the system's smooth functioning and integrated security measures to protect sensitive data. The internship not only honed my technical skills but also exposed me to real-world project dynamics, fostering personal and professional growth, leaving me with newfound confidence and readiness to tackle future web development challenges.

PROJECTS

Bus Pass booking System — 01 Aug, 2022 - 01 Dec, 2023
Mentor: Dr. Usha Verma | **Team Size:** 4

Key Skills: HTML   CSS   Javascript   PHP   Bootstrap   MySQL

We are developing a user-friendly website aimed at facilitating convenient online bus ticket booking, catering specifically to individuals who rely on buses for their daily transportation needs. The website's front-end has been crafted using HTML and CSS, incorporating JavaScript to enhance user experience with various functionalities. To ensure seamless transactions and efficient data management, we have employed PHP as the backend programming language. This comprehensive project brings together a well-designed user interface, interactive features, and robust backend infrastructure to provide users with a meaningful and hassle-free online bus ticket booking experience.

Camera Web App

Key Skills: HTML   CSS   Javascript

Project Link: https://sahilharalmitaoe.github.io/Camera-web-app/

I have created a camera web app that allows users to capture photos, apply filters, and save the edited images directly on their devices. This user-friendly application, developed using HTML, CSS, and JavaScript. With this camera web app, users can easily take photos and enhance them by choosing from a variety of creative filters. The app eliminates the need for additional software or installations, making it convenient for users to capture and edit their images directly in their web browsers

Sales Dashboard

Key Skills: Power BI   SQL

Using POWER BI, I have created a sales dashboard that allows users to analyze the performance of a specific product over different years. The dashboard provides visualizations and insights to support future decision-making. Users can easily navigate the interactive interface to identify sales trends, optimize strategies, and explore growth opportunities. This project empowers stakeholders to make data-driven decisions for improved sales outcomes.

ASSESSMENTS / CERTIFICATIONS

Microsoft Learn Student Ambassador

Key Skills: HTML CSS Javascript Bootstrap

Created a Disney plus Hotstar Clone

Microsoft Azure Data Fundamentals

Key Skills: SQL Power BI

PHP internship Training Program

Key Skills: PHP CodeIgniter MySQL

This certificate acknowledges the successful completion of a two-month internship at Xlligent Technologies, during which i received comprehensive training in PHP development and gained expertise in the CodeIgniter framework. As part of the internship, i successfully completed a project focused on designing and implementing a Student Management System. This experience highlights your dedication to learning and practical application within the field of web development.
